

## Jo Carroll

I am a nurse by background, Mental Health and Acute Care and have 38 years' experience in the NHS and social care.

I am committed to improving the lives and aspirational dreams of young people with a mental health issue or a disability.

I have joined as a school governor to contribute to the aspirations and development of the students.

I love the energy and the personal touch of the school and I am excited to be involved in the schools development journey in the coming few years.

My link area is SEND and my personal interest is in the student voice.
