

Accessibility Plan

Agreed by Management Committee

Chair of Management Committee: Cllr Ketan Sheth

Date: 13th December 2023

Date adopted: 13th December 2023

Next Review: Autumn 2026 or in line with legislative change

Version: Final

Status: Active

The requirement

This Accessibility Policy and Plan is compliant with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. Ashley College Management Committee are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period. The accessibility plan ensures that we continue to improve all aspects of the physical environment of Ashley College, the curriculum and written information so that all students with a disability can take full advantage of the education and associated opportunities provided by Ashley College.

The Department for Education (DfE) has published advice on the Equality Act, which explains that schools must have an accessibility plan aimed at:

- Increasing the extent to which disabled students can participate in the curriculum
- Improving the physical environment of schools to enable disabled students to take better advantage of education, benefits, facilities and services provided
- Improving the availability of accessible information to disabled students

Definition (Equality Act 2010)

“A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities” Physical or mental impairment includes sensory impairments and also hidden impairments. In the DDA ‘**substantial**’ means ‘**more than minor or trivial**’. ‘**Long-term**’ means **has lasted or is likely to last more than 12 months**.

The definition is broad and includes children with a wide range of impairments, including learning disabilities, dyslexia, autism, speech and language impairments, Attention Deficit and Hyperactivity Disorder (ADHD), diabetes or epilepsy, **where the effect of the impairment on the student’s ability to carry out normal day-to-day activities is adverse, substantial and long-term**. All those with cancer or surviving cancer; HIV or Multiple Sclerosis are now included from the point of diagnosis.

A significant number of students are therefore included in the definition.

Normal day-to-day activity

The test of whether the impairment affects normal day-to-day activity is whether it affects one or more of the following:

- Mobility
- Manual dexterity
- Physical co-ordination
- Continence
- Ability to lift, carry or otherwise move everyday objects
- Speech, hearing or eyesight
- Memory or ability to concentrate, learn or understand
- Perception of risk of physical danger
- Learning and/or cognition
- Emotional and mental well-being

The key objective

At Ashley College we cater for students with medical needs and are fully committed to providing equality. This means reducing and eliminating barriers to accessing the school, the curriculum and to full participation in our school for all students including those who may have special education needs or disability.

Contextual Information

Ashley College is currently based on two sites across the London Borough of Brent. These are at the Ashley Colleger in Ashley Gardens and at Crystal House which is part of The Kingswood Centre. Whilst Crystal House is referenced in this plan, they have their own accessibility plan under The Kingswood Centre policies. Each of these settings has disabled facilities and toilets and has been appropriately adapted to meet current legislation. Wheelchair access is available into each building There is disabled parking on both sites with car parking facilities. All areas of the school grounds are accessible to wheelchair users, although the use of the outdoor gym area at Ashley College requires adult supervision for wheelchair users. At present we do not have any students or staff using a wheelchair or with identified mobility difficulties.

Ashley College is a specialist setting for students with medical needs, but also may have students with a range of disabilities which include moderate and specific learning difficulties. Students at Crystal House may have severe learning difficulties. When students enter the school with specific disabilities the school works with the LA professionals, previous schools/settings, parents and carers for assessments, support and guidance. All staff are made aware of student's medical needs clear plans are put in place to ensure that these needs are met. Where education is required, the school has a clear policy on how this should be stored and administered. Further details can be seen the schools Health and Safety Policy and Managing Medical Conditions and Medicines policy.

What this document covers

This policy covers the following key areas:

- Section 1 – access to the curriculum for students
- Section 2 – access to pastoral support for students, parents and carers
- Section 3 – access to our site for students, parents and the community
- Section 4 – access to information for staff, parents, students and the community

This policy and plan should be read with other Ashley College documents: our School Development Plan, our SEND policy and implementation report, SEND local offer, and Equality implementation report elsewhere on our website

Section 1 – Access to the curriculum

- In-depth entry assessment (including data from mainstream schools) to capture full range of individual needs
- Individualised curriculum documented in Personal Learning Plan to meet specific student needs
- Flexible changing provision to meet changing health and other needs
- Home tuition for students who cannot attend school
- One-to-one home tuition where medically necessary (e.g. English, Maths, Science, Computing and PHSCE).
- Therapeutic provision (yoga, cooking, gardening, music, offsite and onsite physical activities, mentoring sessions, social skills group, CBT and Equine Therapy) to help social and life skills development

- Offsite and after school activities including gym and school visits to develop wider skills
- Learning support for special needs includes:
 - Needs of students with ECHPs are met individually in accordance with their plan.
 - Special exam arrangements and IT for those with writing difficulties
 - Use of laptops, iPads and digital art software to support daily classroom learning
 - Exam reader pens to support those with reading difficulties
 - Teaching assistant support for students with an EHCP, and or physical disability
 - Adaptations for every special need (large print, dyslexia aids, reader pens, fidget toys, noise reducing headphones etc.)
- Wide range of accredited and non-accredited course provision to suit individual student's needs such as GCSEs in core subjects plus History, Art and MFL, Functional Skills Maths and English, BTEC Home Cooking, and Financial Studies. At Crystal House students work towards achieving AQA awards
 - Use of webcam lessons and Google Classrooms to support learners when they are unwell at home but still able to engage in some learning, or during a Covid period
- Opportunities for accreditation in subjects outside our curriculum e.g. other home language GCSEs
- We apply for access arrangements for exams when appropriate e.g. extra time, a scribe and/or a reader
- We apply for special consideration in exams if appropriate (e.g. bereavements or deterioration in identified medical need)
- We allow students to sit exams alone (if they are anxious, phobic) or at home (if they cannot attend the centre)
- Teaching strategies adapted for individual needs (sensory impairments, attainment levels, subject personalised learning strategies etc.)
- 'Time out' of class system for students who need it
- Work experience opportunities, where possible, for year 10/11 students to support an identified interest e.g. 1 x week assisting at a local nursery
- Continuing staff professional development to keep up with new thinking (e.g. Mental Health First Aid, Anxiety, Diabetes training, ASD learners and personalised learning approaches)

Section 2 – Access to Therapeutic and Pastoral Support

Based on individual needs, students have access to:

- A Link Tutor to meet regularly, listen to concerns, set, and work towards, personal development targets and create personalised homework and revision schedules.
- Education Welfare Officer to help boost attendance and support parents/carers in getting their child back into education.
- PSHCE curriculum signposts to appropriate sources of support e.g. CAMHS, MIND, Addaction, Childline, Kooth, Anna Freud, Young Minds, Bang Project and Sexual Health clinics
- Escort to medical appointments if requested
- SEND specialist careers advisor from Connexions to support exploring and securing next placement of year 11 SEND students
- Educational psychologist support through parent/carers and school consultations
- Careers Advice in Year 11
- BOAT team sessions to support students with ASD
- CBT sessions with on-site therapist
- Sessions run by the Safer Schools Officer such as keeping safe online, knife crime and child exploitation
- Mentoring sessions to support students to develop organisational and social skills
- Transition mentor
- Equine Therapy
- Weekly interactive wellbeing sessions

- Weekly mindfulness sessions using virtual reality headsets

We also provide

- Referrals to The Brent Early Help Team for parent/carers with students' social/emotional/behavioural difficulties
- Initial home visits for home tutees to understand student's environment
- Regular contact with parent/carers to discuss issues of concern
- Highest priority safeguarding procedures
- Multi-agency monitoring, contact and support for most students
- Close links to support agencies such as Visual and Hearing Impairment Teams, Brent Outreach Autism Team and CAMHS

Crystal House students receive support through the NHS multidisciplinary team.

Section 3 – Access to Site

- Easy access to, and egress from, a ground floor, single-storey site with ramp access to a Portacabin
- Small site with close buildings suitable for students with limited mobility
- Covered access to and from the portacabin
- Two disabled lavatories for students and one for staff
- Keeping corridors clear of obstructions
- Separate eating space for students with eating disorders
- Quiet library space (for students with social anxiety) and recreational space/access to PE equipment (e.g. for ADHD students) at lunch times
- Zen Garden for quiet reflection and relaxation
- Low flicker lighting to reduce risks for ASD students and others
- Low arousal-colour painted surfaces to maintain calm emotional states
- Medical conditions of students, affecting their access, are known to SLT/staff and an appropriate plan is put in place
- Regular site audits for health and safety and site audits/drills for fire risks, including evacuation procedures
- Own kitchens with full provision for special dietary needs
- Disabled parking space marked out

Access to Information

This section should be read with policies on Data Protection and Freedom of Information. We aim to be as open as we can within the limits set by relevant legislation and the need to protect information, which is private and confidential. Within these constraints, we give high priority to communicating with students, parents/carers and all our stakeholders via

- A school website with full information for all who need it – we can copy information on request
- Computer speech technology
- Standard letters to deliver a consistent approach to communicating
- Communication with families via text, email or telephone depending on their preferred mode of communication
- Access to interpreters for initial meetings and reviews

Students have access to information via:

- Six weekly reviews with mainstream school and professionals

- Termly personalised learning progress meetings with link tutors
- Termly written reports from subject teachers
- Feedback from teachers on marked work
- Link Tutor discussions at their request and daily tutor based sessions
- Representation on the monthly School Council
- Ready access to the SLT
- Weekly school assemblies'
- Twice weekly wellbeing sessions

Parents have access to information via:

- Six weekly reviews with mainstream school and professionals
- Termly personalised learning progress meetings with link tutors
- Termly written reports from teachers
- Teachers comments in books, letters, emails, telephone conversations
- Talking to SLT and teachers at Parents Evenings, or on visits by appointment
- School website
- Telephone backup where we believe parents have low literacy levels
- Brent translation service for non-English speaking parents
- 6 weekly reviews

Accessibility Plan

Target	Tasks	Timescale	Resources	Responsibility	Monitoring
Access to the Curriculum					
All students have the offer of an appropriate and needs based curriculum.	<p>Ensure</p> <ul style="list-style-type: none"> the ongoing development and delivery of the specialist curriculum offer which includes support based on reengagement with learning and therapeutic provision Strategies within a students' EHCP are planned for and monitored the curriculum is diverse, innovative, challenging, relevant and it covers learning using formal and informal methods of learning all learning is target driven and rigorously assessed for success KS4 curriculum is aimed at preparation for life post 16 for students. 	Ongoing	LTPs MTPS Curriculum overview for parents and carers Connexions worker support in relation to post 16 course	Head teacher, SLT, SENDCO, teachers and teaching assistants	Termly/ Ongoing
Students with SEND are consulted and involved in their learning.	<p>Ensure</p> <ul style="list-style-type: none"> feedback and consultation around learning is student / teacher led and responses are supported an appropriate system of celebrating learning is accessible to all students all students are part of the school council and involved in making important decisions about their school students are involved in termly/ half termly celebrations of success via newsletter / meetings/ end of term assemblies and events half termly attendance rewards and certificates support the mainstream schools with annual ECHP reviews. 	Termly 6 week reviews	School council Reward systems	Head teacher, SLT, SENDCO, teachers and teaching assistants	Termly / ongoing
